Brief introduction

Dr Rajnish Sharma is Pro Vice Chancellor (Academic affairs) at Chitkara University, Punjab. He earned his PhD while working in India's top research laboratory, National Physical Laboratory, New Delhi and served in Birla Institute of Technology and Science (BITS), Pilani as a Faculty for 6 years. He has more than 85 Scopus indexed research papers to his credit in International journals and conferences of repute.

Prior to his current role in the organisation, he has held positions of Dean (Research) for 5 + years and Dean (Academics) for 8 years in Chitkara University.

He has successfully completed a research project sponsored by the Government of India on theme related to microelectronic devices. He has been on the reviewer's panel list for many journals of international repute being published by IEEE, IET, Elsevier, Springer and Taylor & Francis. Currently, he is also working in collaboration with Glasgow Caledonian University, UK and Panjab University, Chandigarh on a project sanctioned by the British Council. Besides that, he is the coordinator for the recently established Taiwan India Smart City Research Lab at the campus with support from the Government of Taiwan.

He along with senior colleagues from Chitkara University has been the resource person for a series of workshops conducted by AICTE on the topic related to 'Examination Reforms'.

He is a senior member of IEEE and holds the position of Secretary of Delhi section since last two tenures.
